Indicative Retail Prices Notice 8th March 2005

The following prices are the anticipated prices for Mogas, Diesel and Kerosene to apply at the pump (including GST) at the centres identified. These prices will take effect from 12.01am on Tuesday 8th March 2005, and reflect the Import Parity Prices (IPP) that will apply from that month until the next price change. The prices are for bulk fuel delivered to these centres and sold at the retail service stations.

Note

Where a range is shown, this reflects the latest advice received of the freight charges that apply to these locations. Where the Commission has been advised of more than one freight rate, it has incorporated the rate into a range for the final retail price. Pump prices in these locations should fall within the specified ranges. In the event that prices are higher than the top end of the range, Section 3 of the Fuel Price Monitoring Form will apply accordingly.
