PUBLIC NOTICE

TAXI OPERATORS TO INSTALL TAXI METERS BY 1ST JANUARY 2009

This is a friendly reminder to all taxi owners and operators to source and install meters in their taxis before 1st January 2009.

This requirement is consistent with the requirements of the Motor Traffic Act and the outcome of the Independent Consumer & Competition Commission ("ICCC") review into the fare setting arrangement of PMV and Taxi services of which the final report was released on 7th November 2007. In its final determination, the Commission decided that both PMV and taxi fares are to be regulated under Section 21 of the Prices Regulation Act. This determination will apply over the next 5 years commencing 1st January 2008 to 31st December 2012. As part of the final determination the Commission has allowed for a grace period commencing 7th November 2007 to 1st January 2009 for all taxi operators to have meters installed in their taxis.

Initially, taxi meters can be purchased from Dick Smith Electronic, Port Moresby however the ICCC and Department of Transport are working closely to source acceptable taxi meters from overseas suppliers at reasonable cost. The outcome of which will be conveyed to all taxi operators, however in the meantime, all taxi owners and operators are urged to purchase and install taxi meters from Dick Smith Electronics.

After this deadline, the Commission in conjunction with the Department of Transport and other relevant enforcement agencies will take appropriate actions necessary to ensure that all taxi owners and operators comply with this arrangement.

REQUIREMENT

TAXI OWNERS & OPERATORS TO INSTALL TAXI METERS BY 1ST JANUARY 2009

This requirement is consistent with the provisions of the Motor Traffic Regulations and the outcome of the Independent Consumer & Competition Commission (ICCC) review into the fare setting arrangement of PMV and Taxi services of which the final report was released on 7th November 2007.

The Commission, in its final determination, decided that PMV and Taxi fares are to be regulated under Section 21 of the Prices Regulation Act. This determination will apply over the next 5 years commencing 1st January 2008 to 31st December 2012.

As part of the final determination, the Commission has allowed for a grace period commencing 7th November 2007 to 1st January 2009 for all taxi owners and operators to have meters installed in their taxis.

The ICCC and the Department of Transport are working closely to source acceptable taxi meters from overseas suppliers at reasonable cost. The outcome of which will be conveyed to all taxi owners and operators. In the meantime, taxi meters can be purchase from Dick Smith Electronics, Port Moresby.

At the end of the grace period the Commission, in conjunction with the Department of Transport and other relevant enforcement agencies will take appropriate actions necessary to ensure that all taxi owners and operators comply with this requirement.
