

INDEPENDENT CONSUMER & COMPETITION COMMISSION

PUBLIC NOTICE

DISALLOWANCE OF TARIFF FOR TELIKOM
BROADBAND SERVICES

This is to inform the general public that the Independent Consumer and Competition Commission has disallowed the tariff submitted by Telikom PNG Limited (Telikom) for the new ADSL and VSAT broadband services Telikom has begun to offer to customers since about December 2006.

The tariffs were disallowed for not complying with the requirements of the Telecommunications Act, Telikom's regulatory contract and licence conditions.

The Commission is not stopping Telikom from providing these services to the customers. Telikom can provide the services to customers but Telikom is not to charge or receive any fees for these services until such time Telikom has submitted and obtained the Commission's approval of the tariffs for the ADSL and VSAT broadband services.

For further information please contact Mr. Ray Mugang of our office on telephone number 325 2144 or by email: rmugang@iccc.gov.pg.
